RE: **F123 FIBERGRATE CORPORATION**  
30/03/93    e8    Fibergrate FiberPlate  
30/03/93    e8    fibergrate Molded Grating

This is in reference to your letter dated March 29, 1993, concerning the above materials for which you are requesting acceptance for use in Federally Registered Food Establishment.

Based on the present available information, no objection would be taken to the installation of Fiber Plate/Fiber Molded Grating floor grate or plate in registered establishment with the understanding that the material will be installed in such a manner as to not present a sanitation maintenance problem to food environment in food products.

This acceptance is not to be misconstrued as an endorsement for this or similar materials. Their use in Registered Establishment will depend upon their continued acceptability to all concerned.

Should any changes occur either in the formulations of the material, or their intended use, then this acceptance should be considered **NULL** and **VOID**.

Yours truly,

J.J. Donald  
National Coordinator  
Hygienic Environment  
Agri-Food Safety and Strategies Division
